

We had searched for and evaluated many companies offering laser marking equipment, our decision to purchase & partner with **Laser Marking Technologies** was based on the following testimonial:

- High Quality Equipment
- 24 x 7 Support
- Warranty and Service
- Very Reasonably Priced Units (compared to others)

I would like to share our experience with LMT as it began in 2004 with owning a Cobalt Pro Laser Marking System:

- We experienced ease of communication from the beginning.
- They evaluated our needs with a no-hassle negotiation including help with finalizing our order.
- Kept us Up-to-Date with the Order Process.
- Fast, Cost Effective and Safely Delivered Shipment.
- Quick Installation of Equipment, Running Same Day!
- Professional Set-up and Training from Qualified Technicians.
- Super Low Maintenance and Operating Cost.
- Has Never Been Down for Repair in Years, Highly Reliable.
- All Team Members at Xceliron are Satisfied with the Cobalt Pro and LMT for it's Outstanding Product, Service and Support Over the Years. We Look Forward to our Next High-Quality Laser Solution from Laser Marking Technologies.

Ric DiOrio, Xceliron Corp.
